## All New Computers In Our Library!

As promised, the proceeds from our spring book fair were used to purchase new computers for our library! We now have four new student

computers with the latest OPAC (card catalog) version installed and ready to use. We were able to purchase a new computer for the circulation desk as well.

## Fall Book Fair Planned!

Mark your calendars! St. Mary's fall Scholastic Book Fair is scheduled for the week of October 12 - 16. Friday the 16th is Parent/Teacher Conferences and our fair will be open during this time as well!

Anyone interested in helping to set up the fair (and earn Families In-Service hours) can come to the gym on Sunday, October 11th at 1:30 pm. Once we finish setting up the fair on Sunday, we will be open for business for everyone who helped set up. If you'd like to earn service hours helping with the fair during the week, you can call Ms. Torline at 338-1739 to sign up. We are looking forward to another successful book fair!

## Homework Help!

Our library has partnered with the St. Mary's After School Program (ASP) to assist students with nightly homework assignments. Any student (1st - 8th grade) who is registered with the St. Mary's ASP may utilize this service at no additional cost (ASP fees are \$10/day or \$30/week). Students may have access to

computers (with Internet and printing capabilities), reference resources, library books, licensed teachers and a quiet working environment. This service is available Monday through Thursday until 6 pm.
